Masters handicap (Division 2)

The MCC Seniors Handicap team had a bye on 27 Feb as the 8 teams were playing at our course. The team members did the catering and ball spotting. MCC supplied drinks vouchers. Raj Pratap welcomed the teams and provided them with the run down of local rules. There were no controversies although one of the players was seen practising pitching near the 9th green who thought it was a practise green and admitted his ignorance otherwise he would have had to forfeit his match.

Our next match is on 6 March at Crookwell against Gold Creek.
